Licensed & Insured

When we purchased our home in October as a short sale, and it was in horrible shape. Scott & Tina came in and did a wonderful commercial cleaning job. They scrubbed the house from top to bottom including steam cleaning the tiles on the floor, shower and tubs. Didn't look like the same house when they were finished. They also pressure cleaned the patio, driveway and garage. They are honest and dependable and perform excellent work.

Please feel free to contact us at any time if you have any questions about them.
