Subject: Adding Art Deco to web site  
Dear Bob,

Please add ART DECO Construction & Restoration to the Citrus Glen Web Site. They are the ones who did our driveway so beautifully and we are more than pleased with their workmanship. They are very conscientious and caring in what they do best. There are several other in Citrus Glen who have also had their driveways finished in this manner.

You can contact Marco Conde, president, by telephone:

Thanks.
