JULY 2009

President's Message

The Annual Board Meeting of Executive Estates of Boynton Beach homeowners was held on June 30, 2009 at 7:30pm. I am sorry to report the meeting was not a success. I am disappointed that the interest in attendance is very low. The strength in the community that we live in is in our hands. As our community ages, we shall use all of our resources to keep Citrus Glen looking as beautiful from the beginning. I surely want to be a strong president with your support. By attending the monthly meetings and addressing your input really places a wider view of the challenges ahead of us. Presently the Palm Trees are being trimmed. The interior and exterior walls have been painted. congratulations to the A&E committee for their follow up inspections in this summer heat. Folks are complying to make the exterior of their properties to look good. once again we are having pet situations. A resident recently adopted a new pet. When she took her pet for a walk the pet ate you know what from not being cleaned up by another resident. Please respect our community and pick up. We hope to see you at next months meeting. Remember non emergency issues contact our property manager Scott Straleau. His number and e-mail is always in the newsletter. And finally, commitment raises energy to a very high level because it eliminates indecision.

Sincerely,

Alan Mathews

SECURITY & SAFETY REPORT

PUT YOUR CAR KEYS BESIDE YOUR BED AT NIGHT

Tell your spouse, your children, your neighbors, your parents, your Dr's office, the check-out girl at the market, everyone you run across.

Put your car keys beside your bed at night. If you hear a noise outside your home or someone trying to get in your house, just press the panic button for your car. The alarm will be set off, and the horn will continue to sound until either you turn it off or the car battery dies.

This tip came from a neighborhood watch coordinator. Next time you come home for the night and you start to put your keys away, think of this:

It's a security alarm system that you probably already have and requires no installation. Test it. It will go off from most everywhere inside your house and will keep honking until your battery runs down or until you reset it with the button on the key fob chain. It works if you park in your driveway or garage. If your car alarm goes off when someone is trying to break into your house, odds are the burglar, rapist won't stick around... After a few seconds all the neighbors will be looking out their windows to see who is out there and sure enough the criminal won't want that. And remember to carry your keys while walking to your car in a parking lot. The alarm can work the same way there This is something that should really be shared with everyone. Maybe it could save a life or a sexual abuse crime.

P.S. I am sending this to everyone I know because I think it is fantastic. Would also be useful for any emergency, such as a heart attack, where you can't reach a phone. My Mom has suggested to my Dad that he carry his car keys with him in case he falls outside and she doesn't hear him. He can activate the car alarm and then she'll know there's a problem.

Please pass this on even IF you've read it before. It's a reminder and it might save your life.

To Be 6 Again...

A man was sitting on the edge of the bed, observing his wife, looking at herself in the mirror. Since her birthday was not far off he asked what she'd like to have for her Birthday. 'I'd like to be six again', she replied, still looking in the mirror.

On the morning of her Birthday, he arose early, made her a nice big bowl of Lucky Charms ,and then took her to Six Flags theme park.

What a day! He put her on every ride in the park; the Death Slide, the Wall of Fear, the Screaming Monster Roller Coaster, everything there was.

Five hours later they staggered out of the theme park. Her head was reeling and her stomach felt upside down. He then took her to a McDonald's where he ordered her a Happy Meal with extra fries and a chocolate shake.

Then it was off to a movie, popcorn, a soda pop, and her favorite candy, M&M's.

What a fabulous adventure! Finally she wobbled home with her husband and collapsed into bed exhausted. He leaned over his wife with a big smile and lovingly asked, 'Well Dear, what was it like being six again?'

Her eyes slowly opened and her expression suddenly changed. 'I meant my dress size, you retard!!!!'

The moral of the story: Even when a man is listening, he is going to get it wrong.

SEND THIS TO ALL THE WOMEN WHO NEED A LAUGH AND TO MEN YOU THINK CAN HANDLE IT.
