To all the neighbors in Citrus Glen

If anyone is looking for someone to cut the grass in your back yard. I have just the man for you. His company name is A Cutting Hedge and he cuts my grass every week. He has replaced many bushes and he removes all the clipopings. He leaves the yard very neat. He fed my grass this year and my yard has never looked so good. His price is very reasonable and he is very dependable. He would appreciate more work in our neighborhood. He has been cutting our grass for the past year and we are very pleased. Several neighbors on our street use him and they are pleased too .If your interested. Call A CUTTING HEDGE  
561-351-9421
